25X1A2d1

2. This project was originally approved on 1 October 1951 to cover the operations of the [REDACTED] representative in [REDACTED] for one year. On 26 March 1952, the Director, Central Intelligence approved the expenditure of \$12,500 only during a period of six months, i.e., to 31 March 1952. On the strength of the approvals contained in the original project outline, a total of \$18,750 was advanced to [REDACTED] prior to the receipt of the Director's memorandum. A recent request from [REDACTED] for the balance of the funds committed to him under the project will require an additional advance.

3. Accordingly, the Director's signature on the attached memorandum to the DD/A will provide the approval as required to enable the FE Division to advance this outstanding balance.

4. It is the opinion of the FE and IO Divisions that the operation has become increasingly valuable and that the further expenditure is justified.
